

## **FORT Federation History Statement**

History in the FORT Federation is where pupils explore the Britain's past and that of the wider world. The children that come through our schools will be provided with the opportunities to learn both the knowledge and skills that they need to become young historians. We will challenge and support our pupils to develop as they progress through the school, by using an outcomes driven curriculum which recognises the crucial importance of identifying not just what we want our pupils to know and do in History, but just as crucially the intellectual outcomes we intend them to achieve through their learning. The children learn through a cross curricular approach, placing their knowledge firmly in a relatable context, encouraging our pupils to take increasing responsibility for their learning, think independently and achieve challenging subject outcomes.
